

Bundle of Blessings: Community Baby Shower

Bundle of Blessings: Community Baby Shower is a heartwarming Touch 10k initiative designed to honor and support expectant and new mothers in the local community—especially those facing financial or emotional challenges.

This community baby shower, hosted by a local church or youth group, becomes a tangible way to share the love of Jesus by providing essential baby items, encouragement, and prayer in a welcoming, uplifting environment.

Objective:

To bless 10 or more mothers with a joyful, dignified celebration that supplies them with much-needed baby essentials while also connecting them to a caring faith community.

How It Works:

1. **Church Involvement:** Youth, young adults, and church members collaborate to collect baby supplies (diapers, wipes, onesies, bottles, blankets, formula, etc.) through donations, registries, or local store partnerships.
2. **Event Setup:** Transform a fellowship hall or community center into a baby shower venue with themed decorations, food, games, and gift tables.
3. **Guest Outreach:** Partner with local women's shelters, clinics, and social service agencies to invite mothers in need.
4. **Program Elements:**
 - Short devotional thought on God's love and purpose for every life (Psalm 139:13-14).
 - Prayer of blessing over each mother.
 - Distribution of personalized gift bundles.
 - Fun, interactive baby shower games led by the youth.
5. **Follow-up:** Provide info on local parenting classes, support groups, or church ministries they can join.

Why It Matters:

Jesus said, *"Let the little children come to Me..."* (Matthew 19:14). This initiative embodies that spirit by caring for both mother and child—one bundle of blessings at a time.
