Quarterback Sneak

The **Quarterback Sneak** is a simple, yet powerful Touch 10k service initiative designed to bless community members in a practical and unexpected way. Participants discreetly visit local laundromats armed with rolls of quarters, offering them to individuals who are washing or drying clothes.

This small gesture helps ease the financial burden of doing laundry, especially for families in need, while showing the love of Jesus through quiet acts of kindness. No speeches or announcements — just a thoughtful “sneak” of generosity that leaves a lasting impression of care and compassion.
